Previous customers of Peninsular Technologies' Conversion Services: in general, we offer legacy pricing from packages offered by Conversion Services. However, our products differ in several ways. These differences are fully explored in our Frequently Asked Questions document.

LP / Cassette / 8-Track Digital Transfer ... One (1) digital back-up copy of your professional recording in either MP3 format or Audio Compact Disc (CD). **\$30**

Analogue Audio / Video to Digital File ... Personal recordings from magnetic media such as audio cassette or Mini-DV digitally transferred to digital audio / video file. **\$15**

Studio Work ... 1/2 hour (30 minutes) digital editing, mixing, format conversions, studio recordings, et cetera. **\$25**

Motion Picture Film Digital Transfer ... Regular 8mm and Super-8 film transferred to uncompressed DV-AVI. **\$.03 per second**

Reel Changes ... We allow for one "free" reel change per hour of footage. Reel changes above and beyond two per hour incur a charge per reel change. (See Frequently Asked Questions for additional information.) **\$2**

1/4" Open Reel Audio Tape Digital Transfer ... Charged per reel or by hour of sound for slower recordings or larger sized reels. Sound is saved as digital audio file. **\$15**

Digital A/V File to Disc ... A Digital Video Disc (DVD) or Audio Compact Disc (CD) copy of your transfer(s). Includes protective case and cover with personalized title. **\$12**

Additional Discs ... \$7
